INTERNATIONAL WORKSHOP ON SALT-AFFECTED SOILS OF LATIN AMERICA
October, 23rd - 30th, 1983. Maracay, Venezuela

DR. GRANT PETROSIAN.

From 23-29 october 1983, we will hold in Maracay, Venezuela, an "INTERNATIONAL WORKSHOP ON SALT AFFECTED SOILS OF LATIN-AMERICA", wich is sponsored both by the International Society of Soil Science-Subcommision on Salt Afeccted Soils and by the Venezuelan Society of Soil Science.

The meeting will specifically point at outstanding problems of salt-affected soils in Latin-America, but papers on salinity problems of soils and irrigation waters of other parts of the world will be also accepted for presentation and discussion. The field tour, where different situations and problems of Salt Affected Soil in tropical irrigated agriculure will be directly observed and evaluated under field contidions, is a very important part of the Workshop.

Knowing that your are an internationally recognized scientist, with experience in the topic of the Workshop, we think that you could give a very good contribution to the meeting.

Therefore, we are pleased to invite you to submit a paper and to actively participate in the "INTERNATIONAL WORKSHOP ON SALT AFFECTED SOILS OF LATIN-AMERICA".

Hoping to hear from you soon, remains,

Sincerely yours,

ILDEFONSO PLA SENTIS
Chairman of the Organizing Committee
